

## 2005 Board of Directors Ballots

please vote for two (2) candidates

Brian Blankenbeckler

Biography not provided

Jeff Deltac

My wife Tracy and I have six children. Four of them presently play for the club. This upcoming fall, our fifth child, Quinton will start playing U-6. We have been involved with Cobb FC for over seven years and envision ourselves spending many more with the club. My family has a vested interest in the growth, development, and ongoing success of the club.

This is an exciting time for Cobb FC. With the new fields coming on line, an ever increasing pool of players coming up in our community, coupled with the normal challenges of running a club, the next five to ten years will keep us all busy. As a member of Cobb FC's soccer community, I want to help Cobb FC succeed in meeting the challenges the club faces.

I would look forward to the opportunity to play a role in the continued success of Cobb FC as a member of it's board.

Steve Klein

I began with the Cobb FC club in 1995 as a parent helping out the coach in any manner possible and currently have one son in U-10 Academy and one son in U-19 Select. I own my own custom millwork company where the foundation is integrity, fairness and commitment. My goal and desire in joining the members of Cobb FC board is to use my work skills and my passion for the game to see our children achieve their goals to be the best they can be and to have the facilities to make that achievement reality. I also want to represent you, the parents, to make sure that your thoughts, ideas, and comments are heard to make the Cobb Football Club the best club it can be.

Scott Schladi

I am a father of 3 kids. Two have played and one is currently playing soccer for CobbFC. I have been a coach at CobbFC for the last 4 ½ half years, coaching u6, u8, and u10 Recreational teams. Also, I have 10 plus years of playing experience. I continue to attend courses to further my licensing as a coach. I am a native of Atlanta, admitted soccer junkie, and dedicated father and coach. There is nothing like seeing kids enjoy and excel in the game of soccer and knowing that you were a part of this. With this in mind I know that I will be able to help with continued growth of CobbFC in all areas, specifically enrollment. Having already spent long hours at the field coaching, attending other games, and just meeting new people I already understand the commitment it takes to be a volunteer and active member of CobbFC. I look forward to being able to assist in anyway possible and continuing to serve our kids needs.
